

D 132

(Ref. 11101526)

Dry drilling of hollow building materials, breeze blocks, bricks, aerated concrete
Usage intensif

Photo et textes non contractuels

Product Information:

Laser-welded segment ring
Spline segments to better cool down and discharge dust
Designed for dry core-drilling on portable drilling machine or rotary hammer
Using only the drill to hammer drill a center hole
No-hammer core-drilling using the ring + center drill
Assembly with hexagonal rod or SDS PLUS
Building construction materials: non-reinforced concrete, brick, cellular concrete
Convenient core-drilling and finishing speed in building construction materials

Technical characteristics:

Height (cm) : 19.00
Width (cm) : 13.20
Length (cm) : 13.20
Net weight (Kg) : 1.80
