Product Information:

Robust, high-performance, high-efficiency engine
Optimized engine cooling and ventilation
Coated rotor and stator for effective dust protection
Rotor protection from abrasive dust
Anti-vibration side handle
Anti-vibration and revolving rear handle
Dustproof spindle
Gradual start-up with limiting start-up current
Security restart cut
Dust-tight rolls
Carter's anti-burst and anti-rotation safety
Pin lock button for convenient blade replacement
Safety switch to prevent accidental start-up, locking function and powerin g off

Technical characteristics:

Height (cm) : 15.00
Width (cm) : 11.00
Length (cm) : 57.00
Net weight (Kg) : 7.40
Power (W)
Power (V) 1-phase 230V
Max. speed (rpm)
Disk diameter (mm)
Disk bore (mm) 22,23
Spindle threading (mm)
Cutting height (mm)
Cable length (m)

Standard delivered accessories:
- Anti-vibration side handle
- Anti-vibration rear handle
- Carter to scupper
- Carter to cut
- Service key
