PRO CD 202-E

(Ref. 20116271)

Wet core drill for concrete
Usage régulier

Guarantee: 2 ans

Photo et textes non contractuels

Product Information:

Wet core drilling
Frequent wet use and occasional dry use
Compact and powerful
Portable core drill for manual use or combined with a base frame
The anti-rotation system with gyroscopic safety sensor prevents the core drill body from rotating uncontrollably when the core bit becomes stuck in the material
Integrated quick-release dust extraction connection for connection to a va cuum cleaner for dry core drilling
Integrated water inlet connection for wet core drilling
Brushless motor, reduced energy consumption, torque control, constant c utting speed, no carbon brushes
3-speed mechanical gearbox
Mechanical safety friction clutch
Electronic motor overload protection
LED motor load indicator lights
Electronic soft start
Power cable equipped with a 30 mA differential circuit breaker with voltag e failure coil (DCDR)
1-1/4 UNC - R 1/2 connection
Applications: wet drilling in concrete, breeze blocks, single-wall bricks, soli d bricks, cellular concrete, sand-lime stone.

Technical characteristics:

Height (cm) : 16.00
Width (cm) : 12.00
Length (cm) : 59.00
Net weight (Kg) : 6.30
Power(kW)
Power (V) 1-phase 230V
Rated capacity (mm)
Max. capacity (mm)
Load speed (rpm)
Frame No
Max. core-drilling (mm)

Standard delivered accessories:
- hand-core handle
- flexible watering with faucet and fast fitting
- dust suction fitting
- key 32 mm
- key 41 mm
